Per FSS 105.3.3:

An enforcing authority may not issue a building permit for any building construction, erection, alteration, modification, repair or addition unless the permit either includes on its face or there is attached to the permit the following statement: "NOTICE: In addition to the requirements of this permit, there may be additional restrictions applicable to this property that may be found in the public records of this county, and there may be additional permits required from other governmental entities such as water management districts, state agencies, or federal agencies."

Republic Services is by legal contract the sole authorized provider of garbage, recycling, yard waste, and commercial garbage and construction debris collection and disposal services with the city limits of the City. Contractors, homeowners and commercial businesses may contact Republic Services at 407-293-8000 to setup accounts for Commercial, Construction Roll Off, or other services needed. Rates are fixed by contract and are available at City Hall or from Republic Services. The City enforces the contract through its code enforcement office. Failure to comply will result in a stop work order.

SEPARATE PERMITS ARE REQUIRED FOR ROOFING, ELECTRICAL, PLUMBING, GAS, MECHANICAL, SIGNS, POOLS, ENCLOSURES, ETC.

Design Standards

The following are general design standards. More stringent design standards may be noted on the plans.

General Requirements:

Reproductions of contract drawings by contractor in lieu of preparation of shop drawings signifies acceptance of information shown as correct and obligates himself to any expense, real or implied, arising from their use. A change to the structural drawings due to the acceptance of alternates and/or substitutes is the responsibility of the contractor and must be submitted to the engineer for approval. The general contractor and each subcontractor shall verify all existing conditions prior to the start of any work. All inconsistencies shall be reported to the designer and/or structural engineer, if needed. Should contractor construct the premises in a fashion not consistent with the plans prepared by the designer and/or structural engineer, or in any fashion, change the plans and drawing without the review and approval from the designer and/or structural engineer. Then designer and/or structural engineer shall bear no responsibility or liability for the construction of premises and accuracy of the drawings.

**SELF CERTIFICATION FOR CONSTRUCTION OF
A PRIVATE, RESIDENTIAL SINGLE-FAMILY DOCK**

Self Certification File No.: **0345660001EE**
File Name: **6838 Seminole Dr Belle Isle, FL 32812**
- **Self Cert Exempt Dock with Boat Lift(s) (General)**

Dear **SHEILA CICHRA**: On, **07/11/2016**, you used the Department's electronic Self Certification Process to certify compliance with the terms and conditions necessary for construction of a private, residential single-family dock, at a detached, single-family residence located at:

LAT - Degrees: 28 Minutes: 27 Seconds: 45.8771
LONG - Degrees: -81 Minutes: 20 Seconds: 36.4418
SITE ADDRESS: 6838 Seminole Dr Belle Isle, FL 32812
COUNTY: Orange

For:

Dan Barnes
6838 Seminole Drive

Orlando, FL 32812

You have certified that the dock you propose to construct at the above location meets all the conditions of the Self Certification Process. A dock that is built in conformance to those conditions (attached for reference) will:

1. Qualify for a regulatory exemption under Section 403.813(1)(b) of the Florida Statutes,(F.S.) and Chapter 62-330,of the Florida Administrative Code (F.A.C.). As such, it is exempt from the need to obtain a DEP Environmental Resource Permit.
2. Qualify for Consent by Rule or a Letter of Consent (as applicable) under Chapter 253,F.S and Chapter 18-21,F.A.C., (and Chapter 258, F.S. and Chapter 18-20, F.A.C., if applicable),when the dock is located on submerged lands owned by the State of Florida.

Your Self Certification is based solely on the information you provided under this process, and applies only to the statutes and rules in effect when your certification was completed. The certification is effective only

for the specific dock proposed, and only if the dock is constructed, operated, and maintained in conformance with all the terms, conditions, and limitations stated in the Self Certification Process. In addition, any substantial modifications in your plans should be submitted to the Department for review, as changes may result in a permit being required.

You have acknowledged that this Self Certification will automatically expire if:

1. Construction of the dock is not completed within one year from the self certification date;
2. site conditions materially change;
3. the terms, conditions, and limitations of the Self Certification are not followed; or
4. the governing statutes or rules are amended before construction of the project.

Completion of the Self Certification constitutes your authorization for Department personnel to enter the property for purposes of inspecting for compliance.

Receipt of this Self Certification constitutes authorization to use sovereignty/state-owned submerged lands, as required by rule 18-21.005, F.A.C.

ADDITIONAL INFORMATION

This Self Certification Process does not relieve you from the responsibility of obtaining other permits or authorizations from other agencies (federal, state, Water Management District, or local) that may be required for the project. Construction of the dock may require federal authorization. The U.S. Army Corps of Engineers (Jacksonville District Regulatory Office) has been furnished a copy of your Self Certification letter. They will contact you with further information about their process. If you do not hear from them, please contact them directly. The Jacksonville District contact information can be found at: <http://www.saj.usace.army.mil/Missions/Regulatory.aspx>. Failure to obtain all applicable authorizations prior to construction of the dock may result in enforcement.

If you have any questions, please contact your local Department District Office. Contact information can be found at: http://www.dep.state.fl.us/water/wetlands/docs/sler_contacts.pdf. When referring to your project, please use the Self Certification file number listed above.

Sincerely,
Florida Department of Environmental Protection

Enclosures:

- Single Family Dock Criteria
- Boat Lift Criteria
- General Conditions for Sovereignty/State-Owned Submerged Lands Authorization
- Manatee Conditions

Private residential single family docks are subject to the following criteria in accordance with Section 403.813(1)(b), F.S. The dock to be constructed:

1. Has 1,000 square feet or less over wetlands and other surface waters(as delineated in accordance with Chapter 62-340, F.A.C.);
2. Is constructed on or held in place by pilings and is constructed so as not to involve filling or dredging other than that necessary to install the pilings;
3. Will not substantially impede the flow of water, cause water pollution, or create a navigational hazard;

4. Is used ONLY for recreational, noncommercial activities associated with the mooring or storage of boats and boat paraphernalia;
5. Is the sole dock on the parcel; and
6. Must not be subject to any conservation easement or restrictive covenant of record prohibiting the activity.

Boat lifts are subject to the following additional conditions:

1. Is to be installed in an existing slip or, at or adjacent to the waterward end of the dock;
2. With other mooring will not result in the mooring of more than two vessels (including jet skis);
3. Will not be located in areas prohibited for mooring by a previously issued permit or other form of authorization issued by a local government;

General Conditions for Sovereignty/State-Owned Submerged Lands Authorization

Any use of sovereignty/state-owned submerged lands is subject to the following general conditions that are binding upon the applicant and are enforceable under Chapters 253 or 258, F.S.:

1. Sovereignty/state-owned submerged lands may be used only for the specified activity or use. Any unauthorized deviation from the specified activity or use and the conditions for undertaking that activity or use will constitute a violation. Violation of the authorization will result in suspension or revocation of the applicant's use of the sovereignty/state-owned submerged lands unless cured to the satisfaction of the Board of Trustees of the Internal Improvement Trust Fund (Board).
 2. Authorization under Rule 18-21.005, F.A.C., conveys no title to sovereignty/state-owned submerged lands or water column, nor does it constitute recognition or acknowledgment of any other person's title to such land or water.
 3. Authorizations under Rule 18-21.005, F.A.C., may be modified, suspended or revoked in accordance with its terms or the remedies provided in Sections 253.04, F.S. or Chapter 18-14, F.A.C.
 4. Structures or activities will be constructed and used to avoid or minimize adverse impacts to resources.
 5. Construction, use, or operation of the structure or activity will not adversely affect any species which is endangered, threatened or of special concern, as listed in Rules 68A-27.003, 68A-27.004, and 68A-27.005, F.A.C.
 6. Structures or activities will not unreasonably interfere with riparian rights. When a court of competent jurisdiction determines that riparian rights have been unlawfully affected, the structure or activity will be modified in accordance with the court's decision.
 7. Structures or activities will not create a navigational hazard.
 8. Structures will be maintained in a functional condition and will be repaired or removed if they become dilapidated to such an extent that they are no longer functional.
 9. Structures or activities will be constructed, operated, and maintained solely for water dependent purposes.
-

10. The applicant agrees to indemnify, defend and hold harmless the Board and the State of Florida from all claims, actions, lawsuits and demands in any form arising out of the authorization to use sovereignty/state-owned submerged lands or the applicant's use and construction of structures on sovereignty/state-owned submerged lands. This duty to indemnify and hold harmless will include any and all liabilities that are associated with the structure or activity including special assessments or taxes that are now or in the future assessed against the structure or activity during the period of the authorization.
11. Failure by the Board to enforce any violation of the authorization or waiver by the Board of any provision of the authorization will not invalidate the provision not enforced or waived, nor will the failure or waiver prevent the Board from enforcing the waived or unenforced provision in the event of a future violation of that provision.
12. Applicant binds itself and its successors and assigns to abide by the provisions and conditions set forth in the authorization. If the applicant or its successors or assigns fails or refuses to comply with the provisions and conditions of the authorization, the authorization may be terminated by the Board after written notice to the applicant or its successors or assigns. Upon receipt of such notice, the applicant or its successors or assigns will have thirty (30) days in which to correct the violations. Failure to correct the violations within this period will result in the automatic revocation of this authorization.
13. All costs incurred by the Board in enforcing the terms and conditions of the authorization will be paid by the applicant. Any notice required by law will be made by certified mail at the address shown on page one of the authorization. The applicant will notify the Board in writing of any change of address at least ten days before the change becomes effective.
14. This authorization does not allow any activity prohibited in a conservation easement or restrictive covenant of record that prohibits the activity.

Manatee Conditions

The following conditions are intended to protect manatees from direct project effects; THESE CONDITIONS APPLY ONLY IN WATERS THAT ARE ACCESSIBLE TO MANATEES:

1. All personnel associated with the project shall be instructed about the presence of manatees and manatee speed zones, and the need to avoid collisions with and injury to manatees. The permittee shall advise all construction personnel that there are civil and criminal penalties for harming, harassing, or killing manatees which are protected under the Marine Mammal Protection Act, the Endangered Species Act, and the Florida Manatee Sanctuary Act.
 2. All vessels associated with the construction project shall operate at "Idle Speed/No Wake" at all times while in the immediate area and while in water where the draft of the vessel provides less than a four-foot clearance from the bottom. All vessels will follow routes of deep water whenever possible.
 3. Siltation or turbidity barriers shall be made of material in which manatees cannot become entangled, shall be properly secured, and shall be regularly monitored to avoid manatee entanglement or entrapment. Barriers must not impede manatee movement.
 4. All on-site project personnel are responsible for observing water-related activities for the presence of manatee(s). All in-water operations, including vessels, must be shutdown if a manatee(s) comes within 50 feet of the operation. Activities will not resume until the manatee(s) has moved beyond the 50-foot
-

radius of the project operation, or until 30 minutes elapses if the manatee(s) has not reappeared within 50 feet of the operation. Animals must not be herded away or harassed into leaving.

5. Any collision with or injury to a manatee shall be reported immediately to the Florida Fish and Wildlife Conservation Commission (FWC) Hotline at 1-888-404-3922. Collision and/or injury should also be reported to the U.S. Fish and Wildlife Service in Jacksonville (1-904-731-3336) for north Florida or Vero Beach (1-772-562-3909) for south Florida, and to FWC at ImperiledSpecies@myFWC.com
 6. Temporary signs concerning manatees shall be posted prior to and during all in-water project activities. All signs are to be removed by the permittee upon completion of the project. Temporary signs that have already been approved for this use by the FWC must be used. One sign which reads Caution: Boaters must be posted. A second sign measuring at least 8 1/2" by 11" explaining the requirements for "Idle Speed/No Wake" and the shut down of in-water operations must be posted in a location prominently visible to all personnel engaged in water-related activities. These signs can be viewed at MyFWC.com/manatee. Questions concerning these signs can be sent to the email address listed above
